1 Go to your "My Rewards" page.
Follow the steps in the "<u>View Your Essence</u>" section of this guide to learn how to get to your "My Rewards" page.

If you don't have enough Essence to redeem a coupon yet,
your page will look more like this - it will tell you how many more Essence you need to accumulate in order to unlock each Tier reward.

If you do have enough Essence to redeem a coupon, you'll have a "Get Coupon" button next to the reward(s) you can redeem.

2 Choose the reward you'd like to redeem and click on the "Get Coupon" button next to it. You'll get a pop up window like the one below. If you're ready to redeem your reward, click "Redeem."
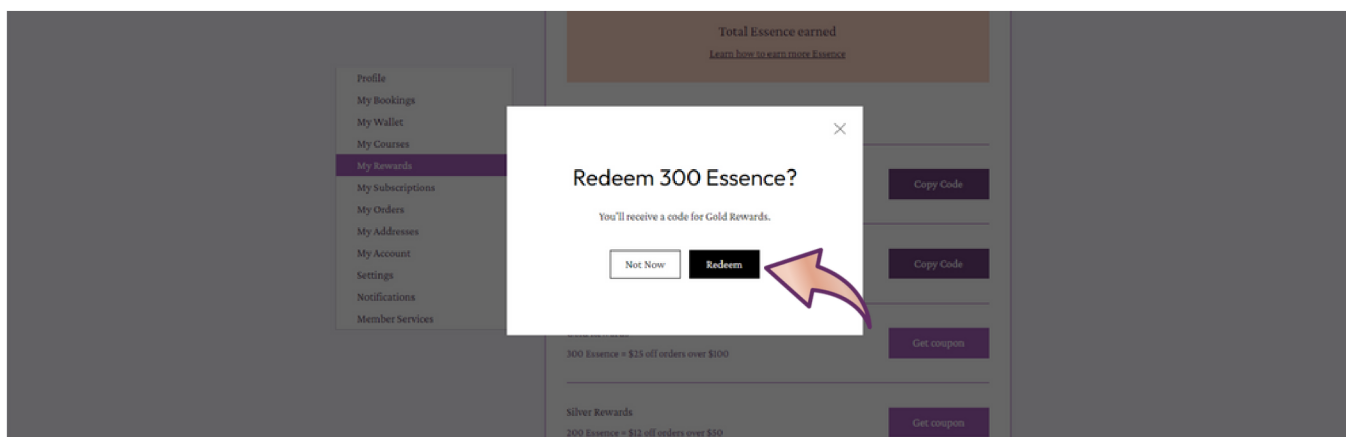

3 The pop up window will change and show you the coupon code you can use at checkout to save money on your qualifying order. You can click on the "Copy" button next to the coupon code to let your computer automatically copy the code to your computer's clipboard.

Note: This does not automatically apply the code at checkout. You'll have to manually paste the code on the checkout screen.

Note: Even after you click the "Redeem" button, your coupon will still be valid until you use it to make a purchase.
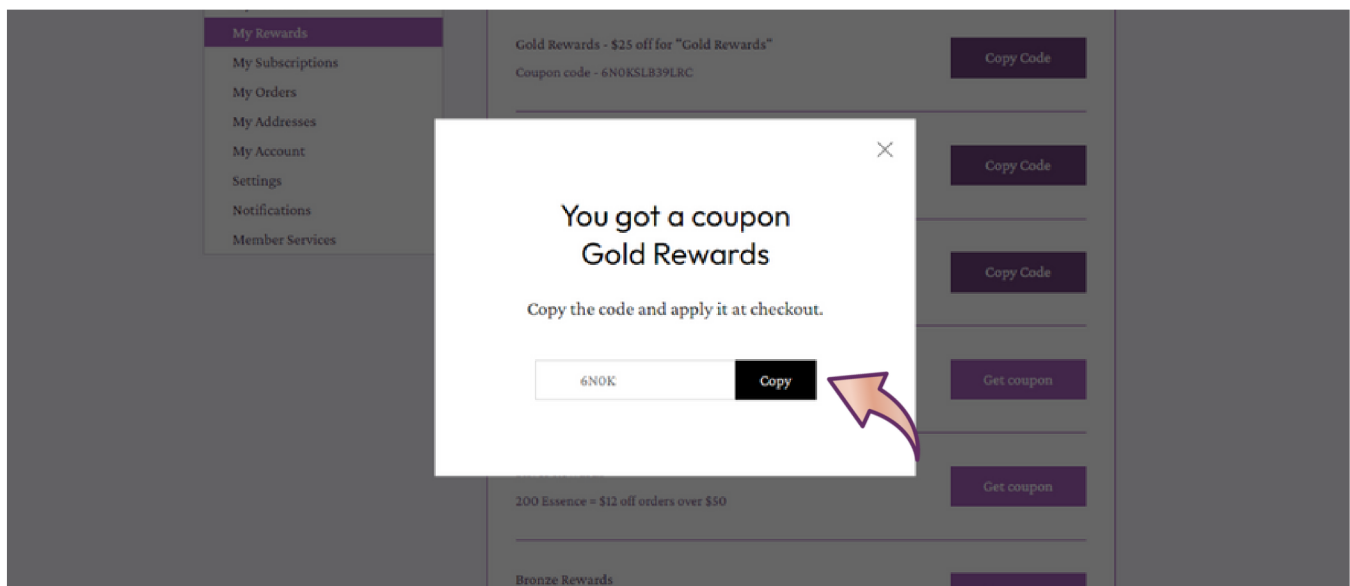

IMPORATANT NOTE:

! If you copy something else on your computer before you paste the coupon code, it will paste whatever you most recently copied. If this happens to you, you can easily go back into your "My Rewards" page and copy the coupon code again.

4 From here, you can go to the Services page on the website and select the service you'd like to book. Or, if you already have a service in your cart, you can go directly to your cart.

5 To see your cart, simply click on the shopping bag next to your account name.
Note: The bag may be a different color than the one shown.

6 You may either see a side window open like the one below, or you may be taken directly to your cart page. If you get the side window, click on the "View Cart" button.

**7** Once you get to the Order Summary of your checkout experience, you'll see that there's a section where you can "Enter a promo code". Click on that.

8 To copy your rewards code, simply right click inside the box and select "Paste." Or, you can left click inside the box and hit CTRL + V on your keyboard to paste the code. Once you've pasted your code, click the "Apply" button next to the box.

9 Finish checking out and you're done! The Essence you used will be automatically deducted from your account.
